AMUSEMENTS.

BARNITT'S OPERA HOUSE.

February 5—Fanny Rice.
February 10 and 11, with Matinee—Prof. Bristol's Equine Wonders.
February 16, 17, 18, 19—Ford's Comedians.
March 15—Richard & Pringle's (Billy Kersands) Minstrels.

THE northern counties seem to have secured some recognition at last in the way of dispensing fat Legislative jobs.

PLATT will be the next United States Senator from New York State, to succeed Hill, whose term expires March 4.

THE doings of the Arizona Legislature, now in session, will have the right of way with the press of Arizona for the next sixty days.

YAVAPAI county on the 31st of December, 1896, had \$66,992.36 cash in its treasury; had an indebtedness of \$67,432.47 and a bonded indebtedness of \$195,163.60. The assessed valuation for last year was \$3,519,901.

YAVAPAI county is fighting the legality of those P. & A. C. bonds with vengeance in its eye. The Prescott legal firm of Herndon & Norris have been engaged by the county to conduct the battle for the taxpayers and in the event of winning the suit they will receive a princely fee.

GOVERNOR BUDD of California ordered that Saturday be observed by all Californians as a legal holiday, to commemorate the inglorious defeat of the funding bill. The citizens observed the day with a will and everybody had a regular Fourth of July and Thanksgiving time all in one day.

MAYOR W. O. O'NEILL of Prescott sent his first message to the City Council last week. It was full of useful hints on reforming the poor state of city government that Prescott is "blessed" with. Buckey says that 70 percent of the receipts from fees and taxes go to pay the salaries of the municipal officers.

THE Legislature met Monday. One of the most important matters that should come before that body is the regulation of the express charges made by the monopoly that has control of this business in Arizona—Wells Fargo & Company. This robbing institution makes it a business to charge on a 300 or 400 mile haul at least as much as the value of the goods shipped.

PHOENIX is a plague-ridden spot. The wrath of the gods is upon it. Not content with deluging the town in a flood of mud and water, to this and other afflictions is added a "faith healer," one Saint Paul by name, who claims to look just like the Apostle. Inasmuch as few living souls have been accorded the honor of viewing the original Saint Paul, the truth of his claim must rest in doubt.

SENATOR CHANDLER is certainly a friend of the newspapers. The Loud postal bill recently passed by the House would, if it became a law, work a great hardship on all legitimate weekly newspapers, as it excludes from the second-class sample copies, extra editions, etc. Chandler has already prepared a remedy for this, in the shape of an amendment which will be tacked onto the bill as soon as taken up in the Senate. He has through this amendment deleted all the objectionable and unjust features of the bill, and it is safe to say that when Senator Chandler gets through with it the measure will be quite a decent and respectable one.

Easy to Take
Easy to Operate

Are features peculiar to Hood's Pills. Small in size, tasteless, efficient, thorough. As one man

Hood's
Pills

said: "You never know you have taken a pill till it is all over." See C. L. Hood & Co., Proprietors, Lowell, Mass. The only pills to take with Hood's Sarsaparilla.

SPAIN'S pride is her strength. To give up in her ruinous war with Cuba would be to sacrifice that pride. However, in her rapid approach to bankruptcy she would willingly clutch at a straw to save herself, if at the same time her pride is not trampled upon. Without a doubt, this once powerful nation is more than willing to give up Cuba, in a manner, however, that will not weaken Spain in the eyes of Nations. The plan is to "regrate" to Cuba absolute home rule and end the war at once. Secretary Olney is working with Spain to accomplish this, and present indications are that it is the only solution to the ending of the war. Home rule under this arrangement is equal to what the Cubans have been struggling for so long—freedom from any domination by Spain.

ALL kinds of bills are being introduced in Congress relative to Cuba. Nearly every lawmaker at the United States Capitol has vented some scheme tending toward the recognition of Cuba libre or toward the interference by Uncle Sam in the Cuban war. The latest resolution provides for buying the island outright from Spain for \$200,000,000. Inasmuch as Spain wouldn't sell for three times that sum, to the United States especially, this resolution is on a par with all other foolish propositions made by our Congressmen.

THE arrival at Albuquerque of one Miss Carrie Rasmussen has torn that town upside down, judging from the columns of the Citizen and Democrat. One paper has the decency to cover up a splay feature of the marriage, which the other sheet promptly uncovers and brags about a "big scoop." The unfortunate girl's reputation is irretrievably ruined by the so-called scoop and the publisher of such stuff should be promptly kicked off the earth.

WHEN John Sherman, who is the accepted choice of President McKinley for Secretary of State, takes his seat, a change in the present Cuban policy will be made. Senator Sherman is a warm sympathizer of the Cubans and most "cordially" hates Weyler, whom he declares to be a butcher. Sherman may prove to be a man well fitted for the post of Secretary of State.

THE Legislatures of nearly all the States and Territories are again wrestling with the railroad pass trouble. Bills are being introduced making it a misdemeanor for a legislator to accept and use a pass. This is wrong. What the Legislatures should do is to enact a law making it compulsory on the part of the railway companies to furnish passes to every member of these bodies.

ADDITIONAL LOCAL.

John F. Cowan and L. C. Trent, mining experts of Salt Lake City, Utah, arrived Friday and put up at the Grand Canyon Hotel. These gentlemen are interested in copper mines in the vicinity of Tuba City, and started out Sunday by team, equipped with the necessary camping paraphernalia to reach their properties, but on account of the heavy snows were compelled to return after reaching the sandstone quarries two miles east of town. Monday they boarded No. 2 for Walnut, going by team from there.

The Prescott Courier in speaking of some changes in Territorial institutions says: It has been suggested that the insane asylum building be turned into a reform school and the reform school building into an insane asylum. Coconino county, in which the reform building is located, is, on account of superior climate, a far better place for the insane than the present location of

the asylum, while the present location of the insane asylum, with its fertile agricultural lands on every side, is the proper place for an industrial reform school.

Eastbound mails were a rarity for a few days last week. An extensive washout occurred Friday in the vicinity of Yucca, and all eastbound trains were compelled to stop at Needles; westbound trains went as far west as Ash Fork. The Pacific Coast dailies were sadly missed by our citizens, the meager news of the Albuquerque dailies not sufficing. Washouts also occurred on the Phoenix road, which shut the Atlantic & Pacific off from using the Sunset route to get passengers and mail to and from California. The washouts have been repaired and trains are running nearly on schedule time at present.

George W. Glowner left for Los Angeles Friday. On Sunday he was married to Miss Cora Mae Loveland, an accomplished young lady of Auburn, N. Y., who was spending the summer in Southern California. Mr. and Mrs. Glowner arrived from Los Angeles yesterday morning. The SUN DEMOCRAT congratulates the happy couple and wishes for them a long and pleasant journey through life. Mr. Glowner is a young attorney of ability and his bride will be a welcome and valued addition to Flagstaff society. They will reside in the property recently purchased by Mr. Glowner in the west part of town.

A telegram was received here Saturday morning by Lyman H. Telfree, proprietor of the New Bank Hotel, conveying the startling intelligence of the death by heart disease, sometime during Friday night or early Saturday morning, of his brother, J. H. Telfree at Mojave, Cal., and he left immediately for Mojave. The news of Mr. Telfree's death was a sad blow to friends and relatives in Flagstaff. When here a short time ago, we were favored by a call from him, and he appeared to be in the best of health. He was the proprietor of the Depot Hotel at Mojave, and owned the eating houses of the Southern Pacific system throughout Southern California.

The ladies of the Catholic congregation met last Tuesday in the rooms over the store of Babbitt Bros., for the purpose of organizing a benevolent society. The sweet angel of charity inspired this meeting and presided over it. The object of the Catholic Ladies' Benevolent Association is the care of the poor and the visit of the sick in our city. The officers of the association have been elected as follows: Mrs. R. Hennessey, President; Mrs. F. Rodriguez, Vice-President; Mrs. D. J. Brannen, Secretary; Mrs. W. H. Carroll, Treasurer. We cannot but praise the Catholic ladies of Flagstaff for the interest they are taking in the welfare of the less favored portions of our community. Charity, intelligently practiced, is the greatest of all virtues; it is the sweetest and strongest tie which can bind together the members of an association. Besides, charity "blesseth both the hand that giveth and the hand that receiveth."

A Mexican and a white man got into a dispute Tuesday morning on Railroad avenue and immediately adjourned to a vacant lot south of the tracks to settle the difficulty in the old-fashioned John L. Sullivan style. The fight was a brutal one and resulted in one of the combatants having his head ingloriously smashed and pounded beneath the bootheel of the victor. Several parties noticing the combat from up town jumped into a sleigh hitched nearby and drove with all speed to the scene of the deadly combat. By the time of their arrival, however, the murderous individual who was stamping the life out of his antagonist had desisted and made a hasty departure for another part of town. The injured Mexican, entirely senseless and unconscious from blows and blows, was loaded on the sleigh and brought up town. An examination by Drs. Brannen and Cornish revealed the man to be in a serious condition, and he was taken to the County Hospital. He has a wife and family living near the bottling works, but was not brought home. In the bloody and repulsive shape he was in, owing to his wife being in a delicate condition.

Cures
Talk

"Cures talk" in favor of Hood's Sarsaparilla, as for no other medicine. Its great cures recorded in truthful, convincing language of grateful men and women, constitute its most effective advertising. Many of these cures are marvelous. They have won the confidence of the people; have given Hood's Sarsaparilla the largest sales in the world, and have made necessary for its manufacture the greatest laboratory on earth. Hood's Sarsaparilla is known by the cures it has made—cures of scrofula, salt rheum and eczema, cures of rheumatism, neuralgia and weak nerves, cures of dyspepsia, liver troubles, catarrh—cures which prove

Hood's
Sarsaparilla

Is the best—in fact the One True Blood Purifier.

Hood's Pills cure liver ill; easy to take, easy to operate, etc.

There is more catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's family pills are the best.

Hon. A. A. Dutton, Councilman-elect from Coconino county, and one of three members of the G. O. P. who escaped the deluge of silver votes, arrived yesterday from the north to begin his duties as a legislator. Hon. Henry F. Ashurst of Williams, Coconino county, member-elect from that county to the Assembly, has arrived. He is a bright young man, a good Democrat and ready to perform his part in passing beneficial legislation for the whole Territory.—Phoenix Gazette.

Hon. Max Salzman, one of the leading merchants at Williams, arrived in Phoenix this morning. Mr. Salzman is one of the sturdy old Arizonians who always put their shoulders to the wheel in the interest of Arizona.—Phoenix Gazette.

BOARD OF SUPERVISORS.

The Board of Supervisors were in session Monday and Tuesday.

At Monday's meeting the assessment of C. E. Boyce of Williams was reduced to \$1000 on real estate and \$1,100 on personal property.

The Assessor was limited to a force of twenty men at \$2 per day with equipment to assess the property of the Navajo Indians in Coconino county.

At Tuesday's session to jury list for 1897, prepared by Recorder Pulliam, was approved.

The county lot was sold at public auction January 12th to Mayor J. W. Francis, agent for the Town of Flagstaff, for \$150. The sale was approved.

E. M. Doe was granted \$200 with which to defray the expenses of the suit of Coconino county against Yavapai.

The Board then adjourned.

If your tea is not good, why don't you drink water? It is cheaper and better for you than poor tea.

If it is good, your stomach is glad to get it; does its work better.

Schilling's Best is good tea—at grocers' in packages.
